CRATEMOVERS PARTNER PROGRAM — FOR PROPERTY MANAGERS & LANDLORDS

Fewer boxes in your dumpsters

Reusable moving crates on monthly rotation — turnovers, renovations, resident perks.

Every turnover means forty cardboard boxes in your hallways, trash rooms, and dumpster bill. Put crates on rotation instead: they arrive clean, they leave clean, and nothing hits your waste stream. Serving Palmyra, Hershey, Lebanon, Harrisburg and surrounding communities.

Four ways managers use crates

- **Turnover packages**
  Two crate bundles on rotation for tenant move-outs and move-ins. Faster turns, cleaner halls, zero cardboard.
- **Renovation & repair staging**
  Tenants crate the room's contents in sealed, stackable crates that keep dust out. Cheaper than a pod, faster than a storage unit.
- **Resident move-in perk**
  A discounted crate week at lease signing — costs less than a gift card, photographs well, keeps move-in cardboard out of your building.
- **Office & records moves**
  Your own office or maintenance shop relocating? Flat per-crate commercial pricing.
